

CROWN

Precision, Perfection, Quality

Precision, Perfection, Quality

Welcome to Crown Metal Industries, a symbol of prestige, a mark of distinction, a standard of excellence. The premier manufacturer of high-quality bathroom faucets with years of expertise in the industry.

Since 1942, we specialize in creating innovative, stylish, and reliable taps that elevate the look and functionality of any bathroom, offering aesthetically pleasing bathroom solutions for homes and commercial establishments. Our extensive range of faucets includes basin taps, shower mixers, wall-mounted designs, and every style of faucet including showers, bathtubs to lavatory and more – each crafted with precision using durable materials to ensure long-lasting performance. Whether you're looking for sleek modern designs, classic elegance, or eco-friendly solutions, we offer a wide variety of styles and finishes to suit every taste and need.

At Crown Metal, through continuous research and development, we remain at the forefront of innovation, integrating the latest technologies to enhance both functionality and design. We lead the way in bathroom tap manufacturing, combining cutting-edge technology with exceptional craftsmanship.

Our taps are not only built to perform flawlessly, but they are also designed to add a touch of sophistication to your bathroom space. Our products undergo stringent quality control tests to meet the highest international standards, ensuring superior reliability and a premium user experience. Our global reach, customer-centric approach, and dedication to excellence have earned us a reputation as a trusted partner in the bathroom ware sector. Whether you are a homeowner, architect, or designer, trust Crown Metal to provide the perfect tap solution for your project. Join us in transforming bathrooms into elegant, functional spaces with our premium range of bathroom taps – true sanctuaries of comfort and style.
